

CRIME REPORTING

All crime survivors and witnesses are strongly encouraged to immediately report crimes to the Department of Public Safety and the appropriate police agency. In addition, please report any suspicious behavior or person(s) to Public Safety immediately so that we may respond and deter a possible criminal situation.

Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics. We also invite your suggestions for improving our services. Please feel free to call the Director of Public Safety at **937-776.0660** or stop by the office anytime you are in need of assistance, emergency or otherwise, or if you have any questions or suggestions.
