

ANTIOCH COLLEGE

August 3, 2022

Midsummer greetings from the Student Affairs team!

We have finished our last team retreat for the summer and have some great events planned for you for the Fall quarter. We can't wait for you to join in community with us!

Pre-Orientation schedule update: We have modified the [Pre-Orientation Schedule](#) to adjust the timeline and include rescheduled events for the remaining weeks prior to orientation. The summer is going quickly, isn't it?!

Residence Life: This week, you'll have the opportunity to learn more about living on campus and prepare for your arrival to Antioch College.

1. **Room Assignment:** You will receive an individual email to your Antioch account from Residence Life with your room assignment and a move-in survey to indicate your plans for the arrival. *If you need to make arrangements for travel from an airport, this is where you can make that request.*
2. **Virtual Residence Hall Tours:** We've created [virtual tours of both North and Birch residence halls](#) so you can visualize what your room might look like.
3. **Packing list:** As you prepare to pack, please make sure to reference our [Packing List](#) - we offer suggestions as well as reminders about items allowed/not allowed.
4. **Resident Assistants (RAs):** You can also find information about your RA for Fall online along with [planning dates and information](#) regarding Residence Life.

On-Campus meals and amenities: Another major piece of living on campus is food. As part of room and board, all residential students have access to the Antioch Kitchen in Birch Hall. Hot meals are served three times a day, Monday through Friday, and twice a day (brunch and dinner) Saturday and Sunday. Every meal has a vegetarian and vegan option and there is always a salad bar available. For more information on the Antioch Kitchen, visit [here](#). Part of our produce and eggs come from The Antioch Farm and we are very proud of our farm to table process! If you'd like to learn more, you can watch a video about [The Antioch Farm](#).

In addition, Birch Hall has shared, full kitchens including fridges, microwaves, stoves, and ovens for your use. In North Hall, the first floor has a microwave and communal fridge, as well as kitchenettes on each floor. You can learn and see more about these in the virtual tours for each residence hall mentioned above.

Student Billing/Accounts and Financial Aid:

- Thursday, 8/3/22 at 4:00pm Eastern Standard Time
- Hear from [Lynda Early](#) and [Matthew Dec](#) to learn more about Student Billing/Accounts and Financial Aid. We highly recommend students and parents/guardians [join the virtual session](#) as it will offer the ability to ask questions directly to the folks that will assist you in making financial arrangements throughout your time at Antioch.

Pre-Advising Meeting Reminder

Everyone should have received an email on 7/25/22 titled "Required Pre-Advising Meeting" from [Scott Millen](#) regarding your advisor pairing and asking you to sign up for a [1:1 meeting with him](#). Meetings begin this week and are scheduled to occur over the next two weeks. Scott will be sending a Google Meet invitation to each of you for the time you chose. If none of the available time slots are convenient for you, please email them directly to make arrangements at smillen@antiochcollege.edu.

As always, if you have any questions or concerns, please let us know! We are so excited to meet you in just a few weeks.

Best wishes,

Sherri
