Student Social Media Policy

Antioch College seeks to promote free and open discussion on social media sites, subject to its existing codes and policies. While all members of the community, students, staff and faculty are expected to adhere to codes of conduct reflective of the values of the college, both on and offline, the Antioch College Student Social Media Policy recognizes that employees of the College are governed by contractual agreements and personnel policies that may use different guidelines for using social media.

The following guidelines govern student communications on College administered social media sites: (This policy does not apply to the students' use of personal social media sites.)

- The Antioch College Honor Code, Civil Liberties Code and other policies apply online just as they would offline.
- Antioch College has no duty to monitor and will not take on the duty to monitor any social media sites, including, but not limited to those administered by College personnel.
- Notwithstanding this, the College reserves the right to take down posts on pages administered by College personnel when considered to be necessary, including, but not limited to, violations of the College's codes and policies.
- The College also reserves the right to block individual's access to social media sites administered by College personnel when they have been found to have engaged in violations of the College's codes and policies on such sites.
- Conduct online, including on social media sites, otherwise can be subject to discipline in accordance with the College's codes and policies.
- Concerns about conduct online should be reported to the appropriate College office/personnel. Contact information for the appropriate personnel to be notified will be posted on all social media sites administered by the college.
